The Journal of Fuel Cell Technology

巻頭言 燃料電池自動車（FCV）普及開始に向けての
水素ステーションの重要性

特集 地方自治体における水素・燃料電池への取り組み

技術情報 水素分離型リフォーマーの高耐久化・低コスト化研究開発
特別寄稿 Fuel Cell Seminar Awardを受賞して

The Journal of Fuel Cell Technology

Contents

Foreword

Importance of the Hydrogen Fueling Station for the Spread of Fuel Cell Vehicle (FCV) Start

J. Miyazaki - Executive Officer General Manager, Iwatani Corporation..... 1

Special Issue

Hydrogen and Fuel Cells Initiatives in Local Government

Actions for the Use of the Hydrogen Energy in Yamaguchi

K. Kurose, T. Uchiyama, S. Yamada - Yamaguchi Prefectural Commerce,

Industry & Labor Department New Industry Promotion Division..... 6

Creation of Tsukuba ECO-City“ Tsukuba Environmental Style ”

Regional cooperation of Tsukuba can be advanced through research of hydrogen energy

W. Okano - Planning Manager, ECO-City Promotion Division, City of Tsukuba.....11

Results of PAFC in Sewage Treatment Plant of Yamagata City

N. Endo - Sewage Treatment Division , Water and Sewerage Department of Yamagata City17

New Energy Initiatives in Wakkanai City

1 . Toward the human and global environment friendly ECO-City

J. Oguma - City planning Environment Group Manager, Local promotion Division, City of Wakkanai23

2 . City planning of the most advanced for environment built by wind and a fuel cell

S. Hasegawa - The chairman of Wakkanai Alternative and Renewable Energy Study Group27

Miyazaki Prefecture - Challenge to Create Hydrogen through Solar Energy

N. Matsuura - Miyazaki Prefectural Government Prefectural Department General Policy Planning Division.....32

Activities of Fuel Cell Innovations in Mie Prefecture

M. Shoyama - Mie Prefectural Government Industrial Cluster Policy Office.....36

Actions for Promotion of Renewable Energy in Chiba Prefecture

Y. Mori, Y. Yamashita - Chiba Prefecture, Environmental and Community Affairs Department,
Environmental Policy Division

K. Yamahana, M. Watanabe - Chiba Prefecture, Commerce, Industry and Labor Department,
Industrial Promotion Division.....40

Topics

Research and Development for Increase of Durability and Cost Reduction of Membrane Reformer

H. Kurokawa, T. Iseki, H. Yakabe - Technology Research Institute, Tokyo Gas Co., Ltd.....43

Manufacturing Technology of Magnesium Dihydride and the Application Device

H. Uesugi, H. Nii - Bio Coke Lab. Co. Ltd.....50

Evaluation of the Pt/C Catalyst for Fuel Cells Prepared by a Nanoparticles Formation
Pulse Arc Plasma Source

Y. Agawa, S. Endo, M. Matsuura, Y. Ishii - Research & Development Dept. ULVAC-RIKO, Inc.....57

Applicability of Nb Oxide-based Compounds as Non-platinum Cathode for PEFC

K. Hara - Yokohama National University

A. Ishihara, Y. Ohgi, K. Ota - Green Hydrogen Research Center, Yokohama National University.....61

Column

Fuel Cells and Me No.3

T. Shirokami - Former Professor of Suzuka National College of Technology.....67

Contribution

On Accepting Fuel Cell Seminar Award

H. Yokokawa - Invited Research Scientist, Energy Technology Research Institute, AIST.....69

Report

Report on 121st Workshop - Visit to JAXA Sagamihara Campus

H. Inoue - 4th Group, Research & Development Division, Ishifuku Metal Industry Co., Ltd.....73

Report on 25th FCDIC Fuel Cells Seminar

A. Okawara - Principal Researcher, AGC Research Institute, Inc.....75

Report on 2011 Fuel Cell Seminar

T. Horita - National Institute of Advanced Industrial Science and Technology (AIST)

A. Daimaru - Daido University

M. Yoshitake - Fuel Cell Development Information Center.....81

Report on the 4th New Electrocatalyst Symposium & Stay Seminar

Y. Ayato - Department of Industrial Chemistry, Faculty of Engineering, Tokyo University of Science.....90

Information

Fuel Cell Development Information Center.....93

Postscript

Y. Zeniya - Editorial Committee Member.....96
