# The Journal of Fuel Cell Technology

---

## Contents

<b>Preface</b>	T. Homma—FCDIC	1
<b>Special Issue</b>	<b>Mobile FCs and Related Technologies</b>	
■ R&D Trends in Small Fuel Cells and Related Technologies	M. Umeda—Nagaoka University of Technology I.Uchida—Tohoku University	6
■ Development of Mobile Fuel Cells at NEC	Y. Kubo—NEC Corp.	13
■ Micro Fuel Cell Development in Toshiba	F. Ueno—Toshiba Corp.	16
■ Development of Micro Fuel Cell for Mobile Phone in NTT DoCoMo	K. Takeno—NTT DoCoMo, Inc.	21
■ Research and Development of High Efficient Direct Methanol Fuel Cells	M. Kidai and J. Torikai—Toray Industries, Inc.	26
■ Development of Passive Type Mobile PEFC using Chemical Hydrides	T. Sarata—Seiko Instruments Inc.	30
■ Development of Methanol Sensor for Mobile Fuel Cell	K. Kawaguchi and M. Yasuda—Kyoto Electronics Manufacturing Co., Ltd.	37
■ Development of Micro Hydrogen-Pump for Micro Fuel Cell using Proton Exchange Membrane	N. Sekiguchi—Toyama Industrial Technology Center	40
■ Development of Flexible GDL for Mobile Fuel Cell	K. Nakatsuyama and K. Yamazaki—Nakatsuyama Heat Treatment Co., Ltd. A. Yamada—Industrial Institute of Niigata Prefecture.	43
■ Development of Methanol Reformer for Mobile Fuel Cell	T. Yamamoto—CASIO COMPUTER Co., Ltd.	46
■ Development of Micro-Plasma Automatic Welding System for Ultrathin Metal Sheet	C. Isozaki—Kasiwara Machine MFG. Co.,Ltd.	54
■ Safety Test for Fuel Cartridges of Micro Fuel Cell	Y. Miyazaki, M. Yamane, Y. Nishimura, T. Nagai and M. Yanagida National Institute of Advanced Industrial Science and Technology	57
■ Standardization of Micro Fuel Cells in Japan	K. Fukushima—Japan Electrical Manufacturers' Association	62
<b>Topics</b>		
■ Development of Effective CO <sub>2</sub> Absorption Technology by Barium Orthotitanate	Y. Sakabe and Y. Saito—Murata Manufacturing Co., Ltd.	68
■ Characteristics of Crofer 22 APU Alloy for SOFC Separator	F. Baba—MAGNEX Co., Ltd.	71
■ PEFC Electrode Catalysts Supported on Carbon Nanofibers with Network Structures	K. Sasaki—Kyushu University	73
■ Development of Liquid Hydrogen Replaceable Station	S. Watanabe and H. Iwashita—Iwatani International Corp. Y. Miki and T. Seki—The Kansai Electric Power Co.,Inc.	78

- **Field Test of Kerosene Fueled 10kW Class PEFC System**  
S. Omoto—Mitsubishi Heavy Industries, Ltd. .... 82
- **Development of Carbon Resin Molded Separator**  
Z. Izumi—SHOWA DENKO K.K. .... 86
- **Biological Fuel Cell Using Vitamin K<sub>3</sub> Electron Mediator, Generating Electricity from Body Fluid**  
M. Togo and M. Nishizawa—Tohoku University .... 90
- **Development of 1kW Kerosene Fueled PEFC System**  
K. Satoh and H. Endo—Idemitsu Kosan Co.,Ltd. .... 94

### Interpretative Article

- **An Analysis about Long-term Demand and Supply Situation of Platinum Considering Massive Penetration of Fuel Cell in the Future**  
S. Kondo—Japan Oil, Gas and Metals National Corp. .... 97

### Basic Lecture

- **Materials Design for Fuel Cells by Integrated Computational Chemistry Method II :Fundamentals of Quantum Chemistry and Its Application to Polymer Electrolyte Fuel Cell**  
M. Koyama, H. Tsuboi, A. Endou, M. Kubo,  
C. A. DEL CARPIO and A. Miyamoto—Tohoku University ... 107

### Contribution

- **The Around Iceland Tour Project by Handmade Fuel Cell Vehicle**  
K. Bamba—Green Energy Adventure ... 113

### Reportage

- **FCV and Hydrogen Energy Summer Class for School Children at JHFC Park**  
S. Siozawa—FCDIC ... 120

### Laboratory

- **Research Activities Related to Fuel Cell at Toyohashi University of Technology**  
K. Onda—Toyohashi University of Technology ... 122

### Report

- **96<sup>th</sup> Work Shop for Member:Toyota FCHV and NEDO Activity of H<sub>2</sub> and FC**  
A. Miyahara—FCDIC ... 125
- **19<sup>th</sup> Lecture:PEFC Cogeneration System for Household**  
A. Miyahara—FCDIC ... 127
- **97<sup>th</sup> Work Shop for Member:JARI Hydrogen and Fuel Cell Vehicle Safety Evaluation Facility**  
S. Takahashi—Hitachi, Ltd. ... 129

### Information

- S. Nagata—FCDIC ..... 131

### Postscript

- R. Nakajima—Toshiba Fuel Cell Power Systems Corp. .... 136
