The Journal of Fuel Cell Technology

Contents

Foreword

- Hydrogen Energy System for Sustainable Growth
K. Ota—Yokohama National University 1

Special Issue Production of Hydrogen and Related Raw Fuels

- The Present State and The Future Technology of Hydrogen Production by Fermentation
S. Tanisho—Yokohama National University 6
- Development of Membrane Reformer for Highly-Efficient Hydrogen Production from Natural Gas
Y. Shirasaki and I. Yasuda—Tokyo-Gas Co., Ltd. 13
- Construction of Hydro Edge and The Background
H. Kanji—Iwatani International Corp. 18
- Green Hydrogen Energy Production from Waste Packaging
T. Chohji, M. Tafu and S. Takamatsu—Toyama National College of Technology
W. Mizuno—Toyama Industrial Technology Center
N. Mizuki and M. Maruyama—Tonami Transportation Co.,Ltd.
A. Maruta—Technova Inc.
M. Kanai—Nihon Tetra Pak K.K. 24
- The Resent Status of DME Production Process and Hydrogen Production Technologies from DME
O. Okada—Runaissance Energy Research Corp. 29
- Development of Hydrogen Production Technology by Steam Reforming of Dimethyl Ether using Comparative Low Temperature Waste Heat
K. Yamada, K. Fukushima, S. Makino and M. Yagyu—Toshiba Corp. 36
- Production of By-Product Hydrogen from Organic Wastes by Plasmas
T. Watanabe—Tokyo Institute of Technology 42
- Development of Thermochemical Hydrogen Production with Concentrated Solar Thermal Energy
H. Kaneko—Tokyo Institute of Technology 50
- Steam Reforming of Ethanol over Nickel Molybdenum Carbides for Hydrogen Production
Y. Miyamoto and M. Nagai—Tokyo University of Agriculture and Technology 55
- Methane Production from Lignocellulosics by Supercritical Water Technology
S. Saka—Kyoto University 61
- High-Calorie Gasification from Biomass, and Transition to Gas and Liquid Fuels
S. Masayasu—Nagasaki Institute of Applied Science 67
- Development of Bioethanol Production from Woody Biomass
K. Murakami, A. Matsushika and S. Sawayama—
National Institute of Advanced Industrial Science and Technology 73
- Development of High-speed Methane Fermentation Technology at Fuji Electric
Y. Shimizu—Fuji Electric Advanced Technology Co., Ltd. 79
- MCFC and the Various Fuel Gases
T. Mizuta—Fuel Cell Japan Co., Ltd. 84
- Results and Effect of PAFC at Sewage Purification Center of Yamagata City
S. Abe—Sewage Purification Center of Yamagata City 90

●The cover is
"Methane Fermentation Field Test Plant by Food Garbage"
(Fuji Electric Advanced Technology Co., Ltd.)

Vol.7 No.4 Spring 2008

Topics

- **Outline and Points of Budget Related to Fuel Cell in Fiscal Year 2008**
T. Kogaki—Ministry of Economy, Trade and Industry 99
- **Studies on Novel Perovskite Oxide Catalysts for Water Gas Shift Reaction**
Y. Sekine and E. Kikuchi—Waseda University. ... 105
- **Spot Welding between Metal and Ceramics by Friction Stirring**
M. Fukumoto—Toyohashi University of Technology ... 111
- **Electrocatalyst Coating on Nafion Membrane by Electrostatic Spray Deposition**
M. Umeda—Nagaoka University of Technology ... 114
- **Direct Synthesis of Platinum Nanosheets and Nanoisks on a HOPG Surface with Surfactant Self-Assemblies**
H. Kawasaki—Kansai University
T. Kijima—Miyazaki University ... 119
- **Development of Portable Fuel Cell at Hitachi Maxell**
T. Nakai—Hitachi Maxell, Ltd. ... 125
- **Proton conducting Membrane by Organic- inorganic Nanohybrid—Targeting for Electrolyte Membrane of Medium Temperature Fuel Cells—**
T. Yazawa—University of Hyogo ... 130
- **High Performance Thermal Insulation Aerogel Blanket**
A. Inoue—Asahi Fiber Glass Company Limited. ... 135
- **Humidity / Dew Point Temperature Sensing Technology for Fuel Cell Development
—What hath God wrought—**
K. Ibata—Yamatake Corp. ... 139
- **Development of Air-Cooled Fuel Cell Motorcycle**
T. Ohta and T. Mitome—Suzuki Motor Corp. ... 146

Contribution

- **Report on EAGLE(Coal Energy Application for Gas, Liquid & Electricity) for Fuel Cell Power Generation**
K. Onda—Toyohashi University of Technology ... 151
- **Current Status of Fuel Cell Development in South Korea**
Jung YoungGuan—Kumoh National Institute of Technology ... 156

Report

- **106th Work Shop for Members**
A. Miyahara—Fuel Cell Development Information Center ... 165
- **Report on EVS Forum 2008**
S. Nagata—Fuel Cell Development Information Center ... 168

Information

S. Nagata—Fuel Cell Development Information Center ... 180

Postscript

K. Yuasa—IHI Corp. ... 183
